# ***Weekly Indices Zones***

**07/04/2024**

***Hey Traders, these are the indices I'm paying attention for possible trades this week***

## **UK100**

UK100 Pushed lower from our resistance level but have a level of support below that is quite far. So, if we get a big pullback into this green area, then it will come to our valid TCZ area from where I will be looking for possible buy trades on smaller timeframes

**Support Zone 7693.7 – 7760.2**

## Nasdaq100

Nasdaq is trending higher, but have a level of support below current price. So, if price continue to push lower, then it will come to our valid TCZ from where I will be looking for possible buy trades on smaller timeframes

**Support Zone 16748.7 – 17135.5**

## US30

US30 is also Trending higher, but have a level of support below current price. So, if we get a big pullback into this green area, then it will come to our valid TCZ I will be looking for possible buy trades on smaller timeframes

**Support Zone 36583 – 37147.5**
